BULLION 1-OUNCE 99.99% PURE SILVER "WILD CANADA" 6-COIN SERIES COIN 1: HOWLING WOLF (2016)

The elusive wolf (*Canis lupus*) is renowned as much for its distinctive howl as its cunning and instinctive hunting abilities. At once chilling and awe-inspiring, its call seemingly pierces the air from a distance as it echoes throughout Canada's remote landscapes; whether a lone voice calling out to the pack or several joined in an eerie refrain, a wolf's howl reinforces the social bonds that exist within a pack and offers a warning to others that may be encroaching on its territory. This haunting sound easily stirs the imagination of anyone who hears it, adding to the mystery surrounding this canine creature that aptly represents the harsh beauty of the Great White North.
